### **Donation of Stock or Securities**

A gift of appreciated stock or securities to the capital campaign can help people experiencing a housing crisis while potentially providing income tax benefits to you and your family. For individuals who itemize deductions on their federal tax return, a donation of publicly traded securities held for more than one year—such as stocks, bonds, and mutual funds—can potentially eliminate the capital gains tax that would be incurred if the assets were sold and the proceeds donated to charity. Please contact us if you plan to donate stocks or securities. We will provide information needed to transfer your securities easily.

**Donor-Advised Funds**

A campaign gift through a donor-advised fund, which are 501(c)(3) public charities, is excellent gifting option. All gifts to donor-advised funds are irrevocable. Please be aware that gifts of appreciated non-cash assets can involve complicated tax analysis and advanced planning. Please consult with your tax or legal advisor.
